## We Thank You 385,000 Times for Shopping at COLE HARDWARE!

It was \$215,000 for 2006... \$256,000 for 2007... \$295,000 for 2008... \$349,000 for 2009. My heart skipped a beat when I read the amount we are giving back to our Frequent Shoppers as a reward for shopping with us in 2010: \$385,498.80. (Please don't come in and spend it all at once!) Nearly 25,000 loyal COLE HARDWARE customers are going to get a piece of this pie, which represents a 5% cash dividend on purchases made last year.

We try hard to do whatever it takes to earn your loyalty: thousands of people walking through our doors, countless questions answered, transactions processed, deliveries made, problems solved, tradespeople referred... and friendships earned. We'll do just about anything to fulfill our simple mission numerous times, all of the time, every day of the year: "Our commitment to you: Your satisfaction guaranteed. Period." And ultimately, for our most loyal customers—members of COLE HARDWARE Rewards—we literally

## Meet Commercial Supply

Many of our store shoppers probably don't realize that COLE HARDWARE also has a Commercial Supply division that operates out of an office and warehouse on Caesar Chavez Street. Started over 20 years ago in what is now our housewares back-stock closet at the Cole Street location, Commercial Supply has become an integral part of our business.

Specializing in creating low-cost, customer-friendly programs tailored to some of the largest businesses in the San Francisco Bay Area, Commercial Supply's customers include property management companies, 30 city and county departments, hotels, senior retirement communities and many others. Additionally, they are

experts in locating those hard-to-find items.

Commercial clientele can now look for a special each month in the *Hardware Hotline*, too. Let our Commercial Supply team help your business! Call **415/647-1800** for a free consultation.

*Joe, Damion, Rodney, Liz and Larry can help with all your commercial needs.*

## Show Us Your COLE HARDWARE T-shirt!

Possibly the coolest photo of a COLE HARDWARE T-shirt we may have received, Rewards customer Paul Griffiths sent this photo of himself with Elvis Costello at the Hardly Strictly Bluegrass music festival in Golden Gate Park. Send us a photo of you, your friends or family with Elvis Presley or an Elvis impersonator, and we'll send you a \$5 gift card. T-shirts are available in men's, women's and children's sizes. ## In Memory of Yuri

The COLE HARDWARE family suffered another loss in January when our longtime friend and crew member Yuri passed away. Regular *Hardware Hotline* readers will probably remember that Yuri had just announced his retirement in October after a career in plumbing and hardware that spanned over 40 years! Our Cole Street frequent shoppers and fellow crew members will surely miss Yuri's knowledge and helpfulness they had come to know over the years.

Yuri was one of our most colorful colleagues, as well as our most multilingual crew member.

Born in the Ukraine, Yuri spoke Russian, Polish and Ukrainian in addition to English! He leaves behind his wife and two daughters and two sons, who will be in our thoughts and prayers. We will all miss Yuri's friendship.

*When I was a young man getting started in the handyman business, Yuri taught me most of my plumbing knowledge when I would come into COLE HARDWARE looking for specific parts and help with my projects.*

## We Thank You 385,000 Times for Shopping at COLE HARDWARE!

...continued from page 1

pay you to shop with us! How brazen is that??

COLE HARDWARE Rewards? That's right. Our decades-old Frequent Shoppers Club is morphing into COLE HARDWARE Rewards. The benefits are only enhanced as we continually strive to make shopping at COLE HARDWARE more and more meaningful to your lives.

Your 2010 rewards will be available for you in our stores starting February 1. Ask our customer service folks to provide it to you. We will look up the amount and create a brand-new COLE HARDWARE Rewards card for you. Don't lose it! It will serve as a permanent debit-style card for your rewards. Quarterly, in five-dollar increments, we will post your earned rewards throughout the year instead of giving them to you annually. And they will never expire!

See [www.colehardware.com/rewards](http://www.colehardware.com/rewards) on our website to view the amount of your dividend earned. Remember, the dividend represents 5% of your total purchases in 2010!

Our new COLE HARDWARE Rewards program is just another tangible benefit to shopping at COLE HARDWARE and a way we can show our appreciation and thank you for your loyalty and patronage. In order to insure that your annual dividend is as large as possible, please be sure to identify yourself to our cashiers each time you shop at our stores. Let them know you

are a member of COLE HARDWARE Rewards. We'll scan your card, or you can give us your account number, name or phone number. Our cashiers will find you in the computer and post your transaction accordingly.

COLE HARDWARE Rewards are important to everyone affiliated with COLE HARDWARE as they are a concrete measurement of how well we deliver the very best customer service we can. Our excellent staff members continuously challenge themselves to fulfill your needs efficiently, professionally, memorably and with a smile. I firmly believe those who serve you at COLE HARDWARE are among the best in any retail business anywhere in the country.

Enjoy spending your dividend! If you weren't already enrolled as a Frequent Shopper, you can become a Rewards member by visiting [www.colehardware.com/rewards](http://www.colehardware.com/rewards). Just click on the sign-up link, or you may sign up at any of our stores. It's easy and free!

Needless to say, you can shop anywhere you like. Your presence in our stores and your willingness to make COLE HARDWARE part of your lives is very much appreciated by all. Like always, in 2011 we'll continue to do whatever we can to innovate, serve, earn and reward your patronage. Thank you for your loyalty to COLE HARDWARE.

—Rick

## COLE HARDWARE Rewards

### How points are earned:

- ➡ For every \$1 spent, one point is earned.

## In Memory of Tom

In December COLE HARDWARE lost a dear friend and crew member. Longtime Mission Street shoppers will probably remember Tom helping them at one time or another. Mild mannered and soft spoken, Tom was well liked by his teammates, and fellow crew member LauRose shared these thoughts of Tom with us.

Tom was a real inspiration to me—the consummate customer service professional. For instance, as we know, sometimes customers' questions and descriptions of their repair problems are less than clear. Tom displayed exemplary patience with customers. In a soft and kind voice, Tom would puzzle through what was actually going on. Then he would use his excellent knowledge

of hardware products, tools and applications and go to any lengths to help customers find what they needed. It was a point of pride to him to give nothing less than excellent service.

Tom was also a lovely person to work with, a great coworker. He never failed to help me find the answer to any question I had, also with patience and diligence. He had a delightful wit, and he would sacrifice a "healthy lunch" rather than commit the sin of letting Mitchell's perfectly good ice cream cake go to waste. He would crack me up.

Tom was a real gentleman, and we truly miss him. I, for one, will always feel his enchanted presence whenever I hear a jingle bell ring. And I will think of him with love.

—LauRose

# WHAT'S UNIQUE?

## SoSafe™ Graffiti Remover

Unfortunately, graffiti is part of City living that we all have to deal with, whether we appreciate the artistic value or not. San Francisco law requires private property owners to

remove graffiti within 30 days of receiving a notice from the Department of Public Works (DPW) or paying DPW a fine to clean it up.

SoSafe, a product powered by Surface Active Technology, removes deep stains from most substrates previously thought to be irremovable. SoSafe products have been designed to suit industry-specific requirements for schools and transportation systems. SoSafe products have a lot of advantages over harsher graffiti-removing products. These water-soluble products contain low volatile organic compounds, have no phosphates, and are biodegradable, pH neutral, nonflammable and noncorrosive. The solutions are nonaerosol and have a sweet, light citrus scent.

**SoSafe Yellow:** The gentlest graffiti remover in the line, SoSafe Yellow works well on traffic signs, painted surfaces and plastics. Specifically designed to work more slowly than some of the other formulations, SoSafe Yellow will allow the removal of graffiti from sensitive surfaces such as Perspex® and fiberglass layer by layer, without damaging the surface. (Sku 141141, **HOT DEAL \$14.99** Regular price \$19.99)

**SoSafe Blue:** This formulation is suitable for use on most varieties of porous surfaces, including concrete, brick and raw metals. SoSafe Blue will attack the graffiti until neutralized by water. (Sku 141142, **HOT DEAL \$14.99** Regular price \$19.99)

**SoSafe Vanilla Fresh:** This scientifically proven odor neutralizer and surface sanitizer works by leaving a light vanilla scent that temporarily masks the smell while the exclusive surface active residual technology goes to work killing all smell-producing bacteria at the source and residually preventing new bacteria growth for up the two weeks. Ideal for restaurants, bars and public restrooms. (Sku 141144, **HOT DEAL \$18.99** Regular price \$24.99)

Stop by any of our stores to check out the new SoSafe product line. Also available: SoSafe Spray Away Kit. (Sku 141143, **HOT DEAL \$39.99** Regular price \$52.99)

## Nut Lok® Wrench Cards

We all have nuts and bolts in our lives, and it seems more often than not we are caught unprepared to deal with them when we most need to. Nut Lok Wrench Cards can help you be ready without the inconvenience of having to lug a bulky toolbox around. The uses for Nut Lok are endless.

The Wrench Card is a stainless steel, credit card-shaped multitool comprising 10

of the most common nut, bolt and wrench size openings in either SAE (standard) or metric dimensions, in both an "open" and "closed" (boxed) configuration that

can literally fit in a wallet or card case. There are four

unique tools in all. Choose from a pair of open and closed SAE or metric Wrench Cards.

Gauge, hold, tighten, loosen, be ready with Nut Lok. (Skus 253253-4, \$14.99)

## Guys: A Cool Valentine's Day Suggestion—Go, Zip and Flick

Flowers . . . candy . . . romantic dinner . . . Guys, if you really want to get a little . . . um, appreciation this Valentine's Day, put the toilet seat down.

I know it's hard to break old habits, and of course the incongruity aside of having to put the seat down when they aren't ever expected to put it up—your mate will smile upon you for the extra thought. At COLE HARDWARE, we pride ourselves in looking after the needs of our customers and especially in bringing good karma into

the household. The answer to your dreams, or at least something to help you get closer to fulfilling them, just might be a self-closing toilet seat!

They are simple to install and really easy to use. Just go, zip (or not) and give a little flick to the toilet seat before you depart. You're long gone when the toilet seat softly rests in place,

ready to put a smile on you-know-who's face. Need I say more?

Well just a little. We have white in stock, both round and elongated. (Round: Sku 4296232, \$31.99; Elongated: Sku 4296240, \$39.99) We can get any color for you and match any specific toilet brand (Kohler, Toto, Americian Standard, and others) if that's important.

Imagine the appreciation when taking your mate into the bathroom to show her that new toilet seat resplendently awaiting her with big red bow on it! Good luck.

—Rick

*Note: Although Rick is excited about this product, the women who have read this article have suggested that this gift will go perfectly with flowers, candy, and/or a romantic dinner. ☺*

### February Garden Tasks

February can sometimes be a difficult month to actually be in the garden, as the weather may still be cold and wet in the Bay Area. At least it is a short month! There are, however, some essential tasks that should not be ignored. And don't forget Valentine's Day! Our garden centers have an abundance of blooming plants, including begonias, cyclamens, carnations, pansies and gerbera daisies in 4" starter pots for \$3.99 each—an ideal gift to show your affection year-round!

✓ Prune winter-flowering shrubs and vines just after blooming. Prune your summer-flowering shrubs, but be aware that spring bloomers already produced their buds last fall, and pruning them now will result in the loss of flowers. Deciduous trees should be pruned, too.

✓ Mid- to late-February is the time to fertilize shrubs and evergreens. Use an acid-type fertilizer to feed evergreens, conifers, broadleaf evergreens, rhododendrons, azaleas and camellias. Use an all-purpose fertilizer to feed roses and other deciduous trees and shrubs. Apply dormant spray (horticultural oil) to fruit trees to kill overwintering insect eggs.

✓ Keep after snails and slugs with Sluggo®, which is safe to use around pets and wildlife. Available in assorted sizes including 1 pound (Sku 7117120, \$10.49) and 2½ pounds (Sku 7096258, \$18.99).

✓ House plants may notice the longer days and begin growing. You can begin feeding them again, but dilute your fertilizer mix by 50% until the growth is robust.

✓ Feed the birds so that they can help control insects once the weather warms up.

✓ Winter weeds should be pulled as they emerge. Oxalis and nutsedge should be dug out to remove their underground bulbs.

✓ Cymbidiums will be blooming now. Feed those that have *not* bloomed yet. Do not feed those currently blooming. Divide them after they have bloomed.

✓ Repot cacti and succulents (if they seem too big for their pots) once they have finished blooming.

✓ Daffodils will be blooming. Remember not to cut off the tall green leaves from the bulb. These are needed to provide nutrients to next year's blooms.

✓ Fertilize bulbs just as their foliage begins to emerge. Bulbs blooming soon include tulips, daffodils, hyacinths and narcissus.

✓ Plant this month:

- Bare-root roses and fruit trees can still be planted.
- Sow seeds for hardy spring-blooming annuals outdoors.
- Warm-season annuals and vegetables and tender perennials can be sown indoors.
- Sow seeds and plant seedlings of cool-season or winter vegetables, including rhubarb, asparagus and artichokes.

- Gladiolas for spring or fall blooms can be planted now. Don't forget that gladiolas like rich, fast-draining (sandy) soil and lots of sun.
- Strawberries can be planted this month, too.

See you in the garden!

### Malibu Compost Bu's Brew™ Compost Teabags

We're pleased to announce that the Malibu Compost spokesperson, Bu, became a mother recently. You might recall that Bu was set to "go to beef" at an auction, but fortunately no one bought her—until Denise Ritchie and her husband rescued Bu. These days, Bu lives on 800 acres of organic pasture with her new calf, Sir Valentine, new friends, new family and her spokesperson gig for Bu's Brew Compost Teabags.

A certified Biodynamic® liquid foliar (just add water!), Bu's Brew is chock-full of microbial activity for all your flowers, vegetables, shrubs, trees and grasses. Derived from the best recipe known to humans to restore a plant's vitality, this tea makes plants grow like crazy. Each teabag contains rich dairy cow manure compost, vineyard chips and trace amounts of dandelion, chamomile, stinging nettle, yarrow, oak bark, and valerian, and it makes

*Bu and Sir Valentine enjoy the California sunshine.*

between one and two gallons of tea compost.

Biodynamics is an advanced organic farming system dating back to 1924 and is one of the precursors to organized organic farming worldwide. Biodynamic agriculture treats the soil as a living organism that can respond to active methods of healing. By enhancing the vitality of soil life, the resulting humus content positively affects the quality and health of your plants.

Malibu Compost not only believes in the sustainability of the soil of this planet, but also of its inhabitants. For every bag sold, they donate a percentage to the Chez Panisse Foundation, whose school garden projects are planting the seeds for the future.

Each package contains four teabags. (Sku 746004, \$9.99)

## Upgrading Your Home's Flooring

Besides a new paint job that will allow a homeowner to inexpensively "remodel" a room, a flooring upgrade is another way to achieve dramatic results without a major remodel. Our Repair Referral Service is pleased to have Andy, a hardwood flooring specialist, in our service.

Located in San Francisco, Andy specializes in hardwood flooring, extremely popular in the City for its character and classic elegance. His business has been family owned and operated for the past 12 years.

Andy and his family believe in the fine art of living. That's why they stay at the forefront of superior installation, design and quality products. With a comprehensive selection of products and services, Andy can cover your entire floor with every species of hardwood possible or can provide any other flooring options at your request.

As a family-owned business, all aspects of a project are kept in house. Andy actively supervises and participates in each project, and everyone on the staff is a full-time, trained employee. The result is a more-controlled process you can feel good about. It's the peace of mind experience they strive to achieve.

### Flooring Options

Homeowners have many options of flooring to select from these days. Choose the option that works best for your home. If you have questions and would like Andy's expert opinion, please call 415/753-2653 ext. 3, or email [homerepair@colehardware.com](mailto:homerepair@colehardware.com).

### Hardwood Flooring

Prized for its timeless elegance and style, warm and welcoming hardwood adds real value to your home. Hardwood lasts up to 100 years with its natural beauty enhanced with age. Hardwood flooring comes in several forms:

- **Engineered wood.** Made like plywood, several thin sheets of wood are glued together in a crisscross formation, topped with a hardwood veneer that can usually be refinished at least one to three times. So stable, you can install it virtually anywhere. Great for condominiums or

anywhere with excessive moisture concerns.

- **Prefinished wood.**

Ready-to-install solid wood strips that come sanded, stained and finished from the factory. Available in  $\frac{3}{4}$ " solid wood and almost every species and color imaginable.

- **Unfinished solid wood.**

Cut from solid pieces of wood and milled into planks, finishing is done in your home, allowing for handcrafted artistry. Choose custom-mixed colors or upscale patterns like parquet, medallions and borders. The possibilities are endless.

### Laminate Flooring

Get the same chic look of hardwood at a more affordable price. This durable composite offers stronger resistance against scratches, dents and moisture. Laminate flooring is extremely impact and scratch resistant, but it is not real wood. Although extremely tough, laminates can be scratched by big dogs or dragging heavy objects across the floor. Extremely stain resistant, these floors will not fade from ultraviolet sunlight.

Laminate flooring comes in three types:

- **Glued floating floors.** Special glue is applied manually to the tongue and grooves of each plank.

- **Glueless floating floors.** No glue needed—planks are designed to snap together, locking them in place.

- **Preglued floating floors.** The glue is applied at the factory. Just moisten the plank tongue and insert into adjacent plank.

Trims and moldings are available for laminate floors. Moldings are laminated over a fiber core so they match the floor, or the moldings can also be made from real wood and color coordinate with the flooring.

Most laminate floors can be used anywhere within the home, including wet areas such as in a bathroom or kitchens. Laminate floors do not need a wax or polish. Most laminate floors

can be used over radiant heated concrete slabs.

### Carpeting

For comfort, warmth and value, nothing feels softer or plusher on bare feet than a carpet. With a wide range of colors, thicknesses and textures available, carpeting is very easy to care for and is exceptionally durable, lasting a long time.

### Vinyl

Spill-proof, maintenance-free and affordable, no other floor covering category offers the variety of colors

and patterns that vinyl flooring has to offer. Thanks to some great advancements in styling and technology, today's vinyl floors are easy to clean and stay looking brand new for many years. Most vinyl flooring will resist staining from normal household products, does not show scratches easily and is resistant to tearing, gouging, ripping and indentations.

The unique manufacturing processes used today can replicate the look and textures of real ceramic tile, stone and wood grains. Vinyl floors are manufactured in both sheet and tile. The vinyl sheet floors are offered in both 6-foot and 12-foot widths, and the vinyl tiles come in various sizes and thicknesses. Both types of vinyl flooring come in a wide array of patterns and colors.

The wear layer (the top layer) is critical to the performance of a vinyl floor. The thickness of the wear layer varies with each manufacturer's collection, or series, and is generally measured in mils. The thickness of a mil is about the same as a page in your telephone book. So a 10-mil wear layer would be comparable in thickness to about 10 pages.

*New flooring can transform a room or home.*

*Let Andy help you select the best flooring option for your home.*

# Frank the Plumber

This year marks our Re-COLE-mend Repair Referral's 17th year of service. We now have over 100 tradespeople offering every kind of service imaginable! One of our favorite contractors who has been working for us since our service started over 17 years ago is Frank the plumber.

Let our experienced plumber Frank help with all your plumbing needs and problems.

Born in San Francisco, Frank grew up learning the plumbing trade from his uncles before becoming a professional plumber. Frank spent over 10 years as a union plumber, which included 5 years as an apprentice and an additional 5 years as a journeyman plumber. Now with over 40 years of plumbing experience, he can answer or solve most of your plumbing problems.

If you want a new toilet, water heater, garbage disposal, faucet or to re-copper your home, Frank is your man! An expert at repairing sewer problems, Frank even has the latest video camera along with a 120-foot cable to make sure that the main sewer is clear before he leaves the job. Most sewer problems occur due to broken pipes from tree roots or ground movement. For the most reasonable price to repair or replace any broken or rooted pipe above or below ground, Frank is your man!

Are you curious about water and energy conservation? Frank can assist you in choosing and installing the most energy-efficient toilet or water heater to save both energy and money. Frank feels that educating customers is part of his job, too, and enjoys being able to solve a problem for a lot less than other plumbers might quote.

Extremely customer service oriented and friendly, Frank is passionate about his work and has built his business on trust. If your home or business has a plumbing issue that you would like Frank to take a look at, please call our Repair Referral Service at **415/753-2653 ext. 3**, or **e-mail [homerepair@colehardware.com](mailto:homerepair@colehardware.com)**.

## Miele® Vacuums and Accessories

Miele vacuum cleaners are the Mercedes-Benz of vacuums, known for their superb quality and craftsmanship. Designed to trap and retain virtually all the dangerous particles other vacuums let back into the air you breathe, Miele vacuums are built using only the very best materials to ensure the highest indoor air quality. Miele's Sealed System design offers a unique, electrostatically charged filtering dust bag with a spring-loaded collar that traps debris and a selection of high-quality filter cartridges, including a certified HEPA filter. All of our stores offer an assortment of Miele vacuums and accessories.

### Upright Vacuums

- **Twist S7210:** The patented SwivelNeck™ is so maneuverable that the Twist can be steered in all directions and can even be laid flat to the floor, which makes getting under beds and other low furnishings easier than ever before. The other key to nimbleness is smooth-running front caster wheels that rotate 360° and have nonmarring rubber wheels that protect hard, smooth surfaces like tile and wood flooring. Moving from hard flooring to carpeting? No problem. The floor switch raises the electrobrush, making it smooth to jump from one surface to another. (Sku 123007, \$429.99)

- **Cat & Dog S7260:** For pet lovers, this upright is designed specifically to remove pet hair and absorb carpet odors with its charcoal filter, while collecting dust and pet dander that can trigger allergies and asthma. It easily adjusts when moving from high-pile carpeting to hardwood floor surfaces. A Mini-Turbo brush is included to groom stairs and upholstery. (Sku 123000, \$599.99)  
NOTE: Available at our Mission Street location only.

### Accessories

These specialty accessories provide even more cleaning action.

- **Universal Brush:** Made from a blend of natural bristles and polyamide, the Universal Brush is ideal for dusting bookshelves, large vertical surfaces, textile wall coverings, ceiling fans and the like. Two swivel joints provide 360° rotation. (Sku 155003, \$39.99)

- **Extended Flexible Crevice Tool:** Offering 22 inches of flexible length, the Extended Flexible Crevice Tool is ideal for cleaning hard-to-reach nooks and crannies. (Sku 155002, \$29.99)

- **Extra-Wide Upholstery Tool:** Equipped with four thread catchers and a flexible suction opening, which adapts to various pile lengths, the Extra-Wide Upholstery Tool offers fast and thorough cleaning of upholstery and mattresses. (Sku 155000, \$29.99)

### Canister Vacuums

All Miele canister vacuums feature a powerful 1,200-watt Miele-made Vortex Motor System, a 29½ foot overall cleaning radius, automatic cord rewind and six-stage suction-control rotary dial. All of these canister models can be used for medium-to high-pile carpeting, area rugs and all smooth flooring.

- **Titan S2180:** Features a standard HEPA filter and two floor tools. (Sku 123005, \$599.99)

- **Neptune S4212:** Reinforced ergonomic handles for easy operation and carrying. (Sku 123013, \$499.99)

- **Olympus S2120:** Extremely well-priced, lightweight vacuum with a combination carpet/smooth floor tool. (Sku 123001, \$299.99)

## Clean Green!

In the past few years, one of the largest growth categories in consumer products has been earth-friendly cleaning solutions. Savvy consumers realize that it is not necessary to use caustic cleaning products to have a clean home. The choices of products and brands has grown exponentially in recent years to the point where environmentally friendly cleaning products now eclipse traditional products at our stores, and our expansive product offering in the earth-friendly cleaning category illustrates this trend.

### Terms to Know

When shopping for or using cleaning products in your living space, keep these terms in mind:

- **Green:** "Green" is a marketing term used by manufacturers, not a scientific term. Responsible manufacturers test their products extensively and comprehensively.

When in doubt, your best bet is to choose a trusted brand such as Seventh Generation® or Ecover®. You can also look for the Earth Friendly logo on products on our shelves.

- **Natural:** Consumers should be leery of a "natural" claim on any product. Cyanide is natural, but you wouldn't want to use it in your home probably. This term is not regulated, except by the USDA for meat and poultry.

- **Organic:** "Organic" refers to any product that was grown or created without the use of chemical pesticides, fertilizer, hormones, antibiotics, or artificially derived chemical additives. Organic plant products do not allow for genetic engineering or the use of radiation.

- **Disinfectant:** The use of the term "disinfectant" is regulated by the EPA, and any products with this label must have undergone extensive testing of its germicidal properties.

### Proper Disposal

It makes the most environmental and economical sense to use a product as it was intended. Products designed to be used with water are designed to go down the drain. Leftover hazardous products such as oven cleaners and caustic drain openers should be disposed of properly at the City's Tunnel Avenue

disposal site.\* Phone 415/330-1300 for more information or to schedule a pickup.

### Product Ingredients

Look and look out for these common household cleaner ingredients when considering your purchase of a particular cleaning solution.

#### Look out for:

- **Sodium laureth sulfate:** Common in dish soaps, laundry detergents and many personal care products, this synthetic compound may contain 1,4-dioxane, a known carcinogen.

- **Boric acid:** Canada and Japan have banned this for use in cosmetics, but it can be found in many U.S. liquid laundry detergents. Scientific studies have shown that long-term exposure may disrupt the endocrine and reproductive systems.

#### Look for:

- **Glycerin:** A natural alcohol derived from sugar and also known as glycerol, glycerin naturally removes clothing stains and functions as a humectant for skin.

- **Thymol:** A natural

crystalline compound made from thyme oil, the antifungal and antiseptic properties make this a great earth-friendly germ killer.

- **Calcium chloride:** Often added to fabric softeners, this type of salt is derived from limestone and acts as a safe, natural drying agent.

*\*NOTE: Due to City and state regulations, our stores are unable to accept these products as part of our City-regulated recycling program, and it is illegal to abandon them at a business doorstep.*

## CleanWell™ Hand Sanitizers

During cold and flu season, we tend to use more hand sanitizers. Traditional sanitizers made with alcohol can make your hands feel dry and cracked. CleanWell is a proprietary formulation of essential plant oils proven to kill 99.99% of germs, including staph, salmonella and *E. coli*. Because CleanWell uses no harsh chemicals, their products are safe for children and leave hands soft.

CleanWell products harness the antiseptic properties of thyme, which grows in various regions around the world without the use of pesticides. A quick-growing and hardy plant, thyme has been used to ward off sickness and as an antiseptic for centuries in Roman and

Greek medicine. We offer CleanWell sanitizing wipes in a 40-count package in two scents, original and orange vanilla. (Skus 807006–7, \$4.99) Antibacterial foaming hand soap is available in lavender or spearmint lime. (Skus 807008–9, \$5.99)

## Don't Let the Bedbugs Bite!

Just like bell-bottoms, bedbugs have made a comeback and have been prevalent in the news due to increased infestations. Widespread use of DDT in the 1940s and 1950s has unfortunately allowed bedbugs to become resistant to many pesticides, and even exterminators often must make multiple trips to a residence to rid them of the critters. In the United States alone, infestations have increased by 71% since 2001, according to the National Pest Management Association.

Bedbugs don't discriminate based on location or socioeconomic status, with infestations reported in large urban areas and small rural towns.

### Protect-A-Bed® Kits

To help prevent bedbugs from infesting and ruining a mattress, it's a good idea to invest in mattress and box spring encasements like those offered by Protect-A-Bed, especially if you travel regularly or live in a high-risk area. Encasements are different from mattress protectors or pads in that they fully surround the mattress and include a zipper and seal. An encasement protects new and old bedding and aids in the early detection of bedbugs. And, should bedbugs be detected, encasements will assist in managing the infestation.

So, how do mattress and box spring encasements help with a bedbug infestation? Bedbug-proof encasements make the telltale signs of bedbugs—fecal spotting and blood spots—readily identifiable. The signs appear on the white fabric of the encasement, which allows you to easily spot them and quickly alert a pest-control professional. By identifying the signs of bedbug activity as soon as possible, it allows the infestation to be addressed and eliminated before it gets out of hand.

In order for an encasement to be effective and considered bedbug-proof, it must be both bite-proof (meaning that the bugs cannot feed through the material) and entry- and escape-proof (meaning that the bugs cannot get in or out of the encasement after it has been installed). Unless the encasements have been specifically designed for bedbugs, it is very unlikely that they will work effectively.

Protect-A-Bed offers Bed Bug Protection Kits that have everything customers need to proactively manage their bedbug infestation risk. Each Bed Bug Protection Kit includes the following:

- 1 Allerzip® 6-Sided Mattress Encasement
- 1 Bed Bug Proof Box Spring Encasement
- 2 Allerzip Pillow Protectors

In addition to providing cover against bedbugs, these protection kits are useful for allergy sufferers who might be allergic to the materials used in bed pillows. Available in complete kits for twin-, double-, queen- and king-size beds. (Skus 750754–7, \$159.99–\$239.99) Zip-up mattress covers for each of the sizes listed are sold individually. (Skus 750758–61, \$89.99–\$139.99)

### Avenger Organics® Bed Bug Killer

Proven to eliminate bedbugs, Avenger products are 100% natural and do not contain harsh pesticides found in many traditional treatment methods. Avenger Bed Bug Killer is applied by spraying onto any suspected bedbug surfaces, including cracks, the entire bed frame, underneath the bed, any suspected wood surfaces and even on the baseboard of the bedroom.

Should you find bedbugs, thoroughly clean the area, including stripping all beds. Bedding, sheets, comforters and pillow cases should be washed in very hot water—at least 120°F—to kill the bedbugs. Vacuum every surface in affected rooms, including the inside of dresser drawers, walls and closets. Immediately throw away the vacuum bag. After vacuuming, use a steam machine to get in all of the cracks, crevices, furniture and mattresses—anywhere the bugs may be hiding.

Treat the bed and all areas with a light application of Avenger Organics Bed Bug Killer by applying the spray on the tufts, folds and seams of the mattress. Spray the underside of the box spring as well. Apply Avenger to all furniture cracks and crevices. Inspect the treated room in two weeks and repeat the process if necessary; continually treat any area where bedbugs are persistent.

Avenger Organics Bed Bug Killer is available in two spray sizes (24 oz.: Sku 750763, \$21.99; 3 oz.: Sku 750762, \$9.99) and in a food-grade diatomaceous earth dust. (Sku 750764, \$12.99)

# ENVIRONMENTAL INFO

GOOD FOR THE EARTH — WE TAKE ACTION FOR THE ENVIRONMENT!

## Lowering Our Carbon Footprint with Renewable Energy

COLE HARDWARE has committed to balancing our environmental footprint through a purchase of renewable energy certificates (RECs) once again for the next year to offset 100% of the electricity used by our business. Along with our Green Business recognition from the City and our expanding recycling services, we have joined with the Environmental Protection Agency's Green Power Partnership, a voluntary program that supports the organizational procurement of green power.

Electricity production is the leading cause of greenhouse gas emissions that contribute to global climate change. With this commitment to renewable energy, COLE HARDWARE is proudly sharing a message with our crew members, our customers and the community at large that we support the development of clean, renewable energy resources and value a reduction of greenhouse gas emissions. Green power is electricity produced from a subset of renewable resources, such as solar, wind, geothermal, biomass and low-impact hydro.

A REC purchased by COLE HARDWARE represents one megawatt-hour (MWh) of renewable

electricity generated and delivered to the power grid. This energy will displace the generation of conventional electricity throughout the power system and reduce emissions into the atmosphere. We use approximately 415,000 kilowatt-hours of electricity per year in our business, and we will purchase the same amount of electricity derived from 100% wind power to offset our usage.

Along with our many other environmental efforts, we felt that purchasing renewable energy credits was a natural fit for us.

# WHAT'S IN SEASON

## Gung Hay Fat Choy! Happy New Year to Our Chinese Community!

The Chinese New Year 4709 begins on Thursday, February 3. Legend has it that Buddha asked all animals to meet him on Chinese New Year and a year was named after each animal that came. Persons born in that animal's year are said to possess some of that animal's traits. This is the year of the Rabbit, considered the luckiest of all signs. If you were born under this sign, you are articulate, talented, shy and affectionate.

Chinatown will be buzzing with festivities, and San Francisco's Chinese New Year parade takes place this year on Saturday, February 19.

Some traditions and superstitions to be aware of for New Year's Day:

- Don't clean or dust, or good fortune might be swept away.
- Open all doors and windows at the stroke of midnight to send out the old year.
- Wear red clothing, considered a bright, happy color that will bring a sunny and bright future.
- Don't refer to the past or use negative language.
- Spread good fortune by giving a crisp dollar bill in a red envelope to children and friends.
- Live blooming plants symbolize rebirth and new growth.
- Oranges and tangerines are symbols of abundant happiness.
- Firecrackers are believed to drive away evil spirits.

## Chinese Sausage Rice Dressing

Yield: 9 cups or 9–11 servings

Preparation and cooking time: 1 hour

- $\frac{3}{4}$  cup long-grain white rice
- $\frac{3}{4}$  cup medium-grain white (pearl) rice
- $\frac{1}{4}$  cup butter or margarine ( $\frac{1}{8}$  lb.)
- 1 onion, peeled and chopped
- 1 cup chopped celery
- $\frac{1}{2}$  cup chopped fresh cilantro
- 1 pound lop chong (Chinese) sausage cut into  $\frac{1}{4}$ -inch cubes
- 2 cans (8 oz. ea.) sliced water chestnuts, drained and chopped
- 1 cup chicken broth, fat-skimmed
- Salt and pepper

1. In a 2–3 quart pan, combine  $2\frac{1}{4}$  cups water and both rice varieties. Bring to boil over high heat. Reduce heat to low; cover and simmer until rice is tender to bite, about 20 minutes. Fluff with a fork.

2. Meanwhile, in a 10–12 inch frying pan, over medium heat, cook butter, onion and celery, stirring often, until vegetables are limp, about 5 minutes.

3. In a large bowl, combine rice, onion mixture, sausage, water chestnuts and broth. Mix well and add salt and pepper to taste. Spoon into a shallow 2–3 quart casserole and cover tightly. (Chill if making one day ahead.)

4. Bake in 350°F oven until at least 150°F in center, 35–40 minutes or 55 minutes if chilled.

*Submitted by Cole Fox customer Linda Gillette, who shares: "This is a favorite holiday family recipe. My mother, Ruby Gillette, who is from China, always made this dish at Thanksgiving (it can be used as a turkey stuffing), but it's a great side dish at any meal. Among my siblings, it was one of our favorites! To this day, we fight for the chair next to the dressing and have found that we have to make extra so that everyone can take some home!"*

## M Brace™ Your Garden

COLE HARDWARE is pleased to announce the arrival of the M Brace, the first product of its kind for the construction of raised garden beds **using no tools!** Made in the United States from RECYCLED steel, the M Brace is both durable and earth friendly. # COMMUNITY PARTNERS

DONATE TO YOUR CHOICE OF MORE THAN 500 SCHOOLS OR COMMUNITY GROUPS WHEN YOU SHOP AT OUR STORES!

Every year we give away over \$60,000 in goods and gift cards to our partner schools and nonprofit organizations in San Francisco. When checking out at our stores, customers mention their favorite school or group, and their transactions will then be posted to a special account for that group. A COLE HARDWARE gift card equal to 10% of all purchases credited to that account will be sent to the

group the following year.

We will donate (with three weeks' notice) Clearly COLE HARDWARE bottled water to an organization's fund-raising events to be sold or given away—whichever brings the most benefit. In addition, we'll donate a COLE HARDWARE gift card for silent auctions or raffles as a fund-raising tool.

Teachers and principals in the San Francisco school district may register with us to receive a discount on school supplies, and we will work with nonprofits on a case-by-case basis to receive a discount on community improvement projects.

Visit [www.colehardware.com/partners](http://www.colehardware.com/partners) for more information about a partnership with us.

**Our founder Dave Karp,  
Purveyor of Hardware Wisdom**

The COLE HARDWARE credo...

**Commitment to savings:**  
Rewards program members receive a 5% annual dividend on purchases.

**Commitment to the community:**  
We donate 10% of what you spend to local charities (you get to designate one of our school or community partner beneficiaries; see page 15).

**Commitment to you:** Over 80 years of guaranteed customer satisfaction.

**Commitment to the environment:**  
Reducing our footprints by implementing environmentally sound practices in our stores.

**Four locations serving you every single day of the year!**
